

Concord Summer Experience

Activity Title	Recycling	
Activity Overview	In this activity, you will create a sustainable model building out of items which otherwise would have been thrown away.	
Activity Steps	Notes	Resources
Complete the worksheet		
Collet items from your home that would be thrown away / discarded	e.g use shoe laces for window blinds, an old tshirt as carpet, an upside down tin can as a seat, tin foil as solar panels.	Household items – in good condition but unwanted or unused. Use any item which otherwise would have gone in the bin.
Create a model building from items in your house which would otherwise be thrown away.	In your building try to use items in your building that look like old their purpose –
