

Policy on Behaviour and Student Rules

Introduction

This document is intended to set out the standards to which we aspire and which we expect all our students to achieve.

Policy Aims

1. To enable the Summer School Director, or their deputy, to carry out their responsibilities of promoting good behaviour, maintaining order and good discipline in the College, and setting a range of appropriate sanctions to be adopted in the event of student misbehaviour.
2. To ensure, so far as possible, that every student in this Summer School is able to benefit from and make his/her full contribution to the life of the Summer School, consistent always with the needs of the Summer School community.
3. To authorise the Summer School Rules and any procedures necessary for implementing them.

Fundamental Principles

4. Students at Concord Summer School are expected to act with DECENCY and show CONSIDERATION at all times, specifically to:

- do their best to act with honesty and integrity and to treat all members of the College's Summer School community and the public with respect, courtesy and kindness.
- act in a manner which is in sympathy with the ethos and aims of the Summer School.
- contribute to the high quality of learning by ensuring that they:
 - arrive calmly, punctually and correctly equipped for each lesson
 - listen carefully and use their time in class appropriately and effectively
 - do not disturb teaching, or the learning of others
 - write down any prep to be undertaken, complete it and hand it in on time
 - take responsibility for their own safety and that of others. Behave calmly and sensibly when moving around school, when waiting for lessons and when not directly supervised.
 - take care of the school environment, ensuring that everybody's property is respected and safeguarded.

5. Parents and students will be expected to support the enforcement of this policy and the College's Summer School Rules. This policy and the College Summer School Rules will be reinforced periodically at assemblies and at other times. Students are expected to know and understand the College's Summer School Rules, which may be amended from time to time.

College Summer School Rules

6. The College's Summer School Rules shall be set by the Summer School Director. The Rules are necessary:
- for the safety and well-being of everyone at the summer School
 - for the reputation of the Summer School community as a whole

danger or the good reputation of Concord College at risk.

The student will be sent home at the parents' expense and fees will not be refunded (Terms and Conditions policy). The Summer School's decision will be final and, due to the short length of the course, there is no right to appeal. However, parents may refer to the Summer School's Complaints Policy if it is felt necessary.

Students on Science summer programmes will also need to abide by the Laboratory Rules which will be issued and discussed during their first science lesson.

Policy on Punishment for Breaches of College Discipline

In line with all educational establishments a system of correction for any student that breaks College rules is in place.

Detentions and the more serious punishments listed below will form part of the Summer School's disciplinary record. Teachers should use their discretion and consider disciplining the student proportionately by, for example, issuing an informal verbal warning.

Corporal punishment (i.e., any punishment intended to cause physical pain) is banned at Concord College. This is in line with legislation applicable to all private schools in England & Wales since 1998. Corporal punishment is not permitted in any circumstances for use as a sanction.
